AN EXCEPTIONAL STORY

Mr. Praveen L

Now a very happy story which goes a long way in encouraging VIDYAMITRA to not only to continue but to increase its efforts to reach more & more needy but keen students. Our **Mr. Praveen** (joined Vidyamitra in 2013) now in third year B.P.T course has taken up part time assignments and is able to support his education .

Mr. Praveen did not take any funds from Vidyamitra this year and is confident of completing the course now onwards on his own. This thoughtful gesture on Mr. Praveen's part is allowing Vidyamitra to take up an additional student this year.

Mr. Praveen assures us that he is able to take up such part time assignments without affecting his studies at all. All Vidyamitra students should look around if they too can get some part time assignments (without affecting their studies). The income may not cover their full expenditure . Even small incomes would reduce Vidyamitra's yearly expenditure. If this happens Vidyamitra will be able to take more and more students under its support programme.
